University of North Carolina at Chapel Hill School of Dentistry Dental Biomaterials and Restorative Dentistry

The University of North Carolina at Chapel Hill School of Dentistry seeks to fill a full-time, tenured or tenure-track position in the Department of Operative Dentistry. A DDS or DMD (or equivalent) degree is required. At a minimum, an MS degree or past experience in teaching dental biomaterials also is required, and a PhD degree is preferred. Evidence of research experience with the potential to secure external research funding is desired. Responsibilities include teaching dental materials and restorative dentistry at the undergraduate and graduate levels, mentoring graduate students and conducting research. Significant potential exists for research collaboration with faculty in the Departments of Operative Dentistry and Prosthodontics and with researchers in other programs such as Biomedical Engineering and Applied Sciences. The University of North Carolina is a leading research university with a highly regarded health affairs division. The Department of Operative Dentistry has a very active clinical research program. Applications, including a curriculum vitae and the names and addresses of three references, should be directed to: Dr Harald O Heymann, Chair of the Search Committee, Department of Operative Dentistry, School of Dentistry, CB #7450, University of North Carolina, Chapel Hill, NC 27599-7450, USA. The University of North Carolina is an Equal Opportunity/Affirmative Action employer.

Columbia University College of Dental Medicine Oral Diagnosis Section of Adult Dentistry

Columbia University College of Dental Medicine is accepting applications for positions in Oral Diagnosis within the Section of Adult Dentistry. Responsibilities include supervision of predoctoral and postdoctoral students in the assessment of emergency and comprehensive care patients in the patient intake triage area of the dental school to determine chief complaint, clin-

ical oral conditions, physical risk assessment, radiographic requirements, case type and referral for care. This can be a full-time position, including faculty practice, or a part-time position without faculty practice. Required academic qualifications include a DDS or DMD. Candidates must be eligible for licensure in New York State. In addition, applicants must have teaching experience in diagnosis/oral medicine or general dentistry, with experience in general practice. Salary and academic rank will be commensurate with education and experience. Position(s) available July 1, 2006.

Send applications, including a letter of inquiry stating career goals and teaching and practice experience, a curriculum vitae and the names and addresses of at least two professional references to: Dr Richard Lichtenthal, Chairman, Section of Adult Dentistry, Columbia University College of Dental Medicine, 630 West 168th Street, New York, NY 10032, USA; rml1@columbia.edu.

Columbia University is an affirmative action/equal opportunity employer.

Columbia University College of Dental Medicine Advanced Education in General Dentistry (AEGD)

Columbia University College of Dental Medicine invites applications for a full-time position as Director of the Advanced Education in General Dentistry (AEGD) Program in the Section of Adult Dentistry. Academic rank and salary will be commensurate with education and experience. Required academic qualifications include a DDS or DMD degree, a certificate of completion from an AEGD program, significant teaching experience (preferably in an AEGD program) and general practice experience. Candidates must be eligible for licensure in New York State. Duties will include responsibility for the administrative, didactic and clinical portions of the AEGD program and participation in faculty practice and scholarly activities. The position is available July 1, 2006, and the application deadline is April 30, 2006.

Send applications, including a letter stating career goals and teaching and administrative experience, a curriculum vitae and the names and addresses of at least two professional references to: Dr Richard Lichtenthal, Chairman, Section of Adult Dentistry, Columbia University College of Dental Medicine, 630 West 168th Street, New York, NY 10032, USA; rml1@columbia.edu.

Columbia University is an affirmative action/equal opportunity employer.

Medical College of Georgia, School of Dentistry General Dentistry Chair

Full-time tenure track faculty position at the professor/associate professor level is available May 1, 2006. Responsibilities include leadership and direction of all departmental activities for the newly formed Department of General Dentistry. The Department of General Dentistry is responsible for the senior year comprehensive care program. Candidates should possess an appropriate history of sustained academic achievements, including independent research and extramural funding, as well as evidence of professional and educational leadership. Participation in faculty practice and research are expected. Applicants must be graduates of an ADA-accredited dental school and licensed in a state or be eligible for licensure by the Georgia Board of Dentistry. Salary and academic rank are commensurate with qualifications. Interested candidates should send their letter of interest, curriculum vitae and the names and addresses of three references to: Dr Frank Caughman, Search Committee Chairperson, Medical College of Georgia, School of Dentistry, 1120 15th Street, Room AD-1111, Augusta, GA 30912, USA or email: fcaughma@mail.mcg.edu. The Medical College of Georgia is a M/F/V: EEO/AA/ADA employer.

University of Washington School of Dentistry Department of Restorative Dentistry—Chair

The Department of Restorative Dentistry at the University of Washington's School of Dentistry is seeking a Chair. This is a full-time faculty appointment at the tenure track Associate Professor or Professor level, or it is a clinician-teacher pathway track appointment at the Clinical Associate Professor or Clinical Professor level, salaried with multiple-year terms. The position is available on or before July 1, 2006.

The Department of Restorative Dentistry includes the disciplines of operative dentistry, fixed and removable prosthodontics, implantology, dental materials science, dental anatomy and occlusion. The responsibilities of the position currently include departmental leadership and management; administration of hospital dentistry; faculty development; administration of the general practice residency and the prosthodontic graduate education programs; and oversight of the Department's education, research, service and community outreach activities. The Chair will participate in the teaching, research and patient care activities of the Department as well as serve as a professional role model for faculty, staff and students. Opportunity for intramural or extramural practice is available. Qualifications include a DDS or DMD degree from an

ADA-accredited institution or equivalent and licensure or eligibility for licensure in the State of Washington. The successful candidate must have a strong record of teaching, scholarly activity and administrative experience in an academic setting. Academic rank and salary are commensurate with experience.

Applicants should submit a letter of intent, curriculum vitae and the names and addresses of three professional references to the chair of the search committee:

Joel H Berg, DDS, MS
Professor and Chair
Department of Pediatric Dentistry
Box 357136
School of Dentistry
University of Washington
Seattle, WA 98195-7136
joelberg@u.washington.edu

Applications will be accepted until the position is filled.

The University of Washington is building a culturally diverse faculty and strongly encourages applications from women and minority candidates. The University of Washington is an affirmative action, equal opportunity employer.

Medical University of South Carolina College of Dental Medicine Restorative Dentistry

A full-time, tenure track position at the assistant professor/associate professor level is available in the Department of Restorative Dentistry, Division of Operative Dentistry. Primary responsibility will be teaching pre-clinical and clinical operative procedures to undergraduate dental students. The successful candidate will be expected to have knowledge and experience with esthetic restorative materials. Participation in scholarly activities will be expected. A South Carolina teaching dental license is required and is available to individuals with a current US state dental license. Completion of a postgraduate general dentistry program (AEGD or GPR) is desirable but not required. Participation in dental faculty practice is available for private patient treatment. Salary and academic rank will be commensurate with qualifications. The College of Dental Medicine, Medical University of South Carolina is an EEO/AA employer; minorities and women are encouraged to apply. Apply online at www.musc.edu/hrm.

For further information, contact Dr James Rivers, Chair, Department of Restorative Dentistry, College of Dental Medicine, Medical University of South

Carolina, 173 Ashley Avenue, Box 250507, Charleston, SC 29425, USA, telephone (843) 792-2341. The Medical University is an affirmative action/equal opportunity employer promoting workplace diversity.

**The University of Tennessee Health Science Center
College of Dentistry
Chair, Department of Restorative Dentistry**

The University of Tennessee Health Science Center, College of Dentistry, seeks nominations and applications for the position of Chair of the Department of Restorative Dentistry. The Department, one of six clinical departments in the College of Dentistry, has primary responsibility for the following areas: dental anatomy, occlusion, operative dentistry, biomaterials, esthetic dentistry, DAU and prosthodontics. The College of Dentistry is one of seven colleges comprising the University's Health Science Center. The College serves approximately 365 students in predoctoral and advanced training programs.

Applicants must have a DDS/DMD degree and meet eligibility requirements for a Tennessee dental license. The responsibilities of this position include working with a diverse faculty, staff and student personnel, department administration, faculty and staff development, management of the department's educational programs (undergraduate didactic, clinical, pre-clinical and postdoctoral programs in AEGD and Prosthodontics), research, and service activities. The successful candidate will be an individual with excellent communication skills, administrative experience, demonstrated vision and creativity with regard to dental education, health care delivery, research and service and have highly-developed academic leadership capabilities and outstanding academic credentials. Experience working with a diverse faculty, staff and student body is a plus. Rank and salary are commensurate with experience and qualifications. Applicants should have a demonstrated commitment to and knowledge of equal employment opportunity and affirmative action.

Screening of applicants' credentials will begin March 1, 2006, and will continue until the position is filled. Send a letter of intent, curriculum vitae and the names and addresses of three references to: Dr Lloyd A George, Associate Dean for Clinical Affairs, University of Tennessee Health Science Center, College of Dentistry, 875 Union Avenue, Memphis, TN 38163, USA. The University of Tennessee is an EEO/AA/Title VI/Title IX/Section 504/ADA/ADEA institution in the provision of its education and employment programs and services.
