

The recipient of the award will be required to present a table clinic reporting the findings of the research supported by the Award at the 2010 annual meeting of the Academy of Operative Dentistry, which will be held in Chicago, February 17-19, 2010. Additional funds not to exceed \$1,000 will be made available to offset the cost of attending the meeting.

A research mentor, who is a member of the Academy of Operative Dentistry, should be named and will serve as a co-signatory to the application. If the research supported by the Award leads to a research report intended for publication, it is expected that the report will be first submitted to Operative Dentistry.

Applications for the award must be submitted electronically to Dr Tilly Peters (mcpete@umich.edu), chair of the Research Committee of the Academy of Operative Dentistry, no later than January 8, 2009.

The application packet should consist of the following documents (font Arial, 11 pt, 1.5 lines-spaced), all combined into ONE pdf-file, containing:

- cover letter (applicant)
- support letter (research mentor)
- research protocol (maximum of three pages, including abstract (maximum of 250 words), introduction and hypothesis, specific aims and work plan)
- budget sheet (maximum of one page)
- references (maximum 1/2 page)
- CV of applicant (maximum of one page)

Applications not strictly following the requested format will be returned without consideration.

The Award recipient will be announced during the 2009 Annual Meeting of the Academy of Operative Dentistry, which will be held in Chicago on February 25-27, 2009.
