Herman Ostrow School of Dentistry of USC Division of Restorative Sciences Director for the Advanced Education Program in Operative Dentistry

The Herman Ostrow School of Dentistry of USC is seeking applicants for the position of director of the Advanced Education Program in Operative Dentistry. This position is a full-time, tenure-track appointment at the associate professor/professor level in the Division of Restorative Sciences. The successful candidate will be expected to develop and direct the school's new postgraduate program in operative dentistry, with anticipated enrollment of the first students in Fall of 2012.

Candidates should have a DDS/DMD degree and must demonstrate expertise in the areas of clinical restorative and esthetic dentistry and biomaterials research with emphasis on adhesives, ceramics and carbon plastics with proven versatility in a multitude of experimental methodologies. Preference will be given to individuals with previous teaching experience and a strong record of research and scholarly activity.

Interested applicants should submit a cover letter, complete curriculum vitae, statement of current and future research plans, statement of vision for the new advanced program in operative dentistry and arrange to have at least three letters of reference to:

Dr Richard Kahn, Division Chair
Office of the Dean
Herman Ostrow School of Dentistry of USC
925 West 34th Street, DEN 203
Los Angeles, CA 90089-0641

Herman Ostrow School of Dentistry of USC Division of Restorative Sciences Assistant Professor/Associate Professor

The Herman Ostrow School of Dentistry of USC seeks applicants for a full-time, tenure-track position at the rank of assistant or associate professor in the Division of Restorative Sciences.

Candidates should possess a DDS/DMD or equivalent degree and must demonstrate expertise in biomaterials research with emphasis on adhesives, ceramics and carbon plastics, with proven versatility in experimental methodologies and translational research. Preference will be given to individuals with a strong record of research and scholarly activity and previous teaching experience. The successful candidate will be expected to develop an independent research program.

Interested applicants should submit a cover letter, complete curriculum vitae, statement of current and future research plans and arrange to have at least three letters of reference sent to:

Dr Richard Kahn, Division Chair
Office of the Dean
Herman Ostrow School of Dentistry of USC
925 West 34th Street, DEN 203
Los Angeles, CA 90089-0641

Consideration of applicants will begin immediately and will continue until the position is filled.

The University of Southern California values diversity and is committed to equal opportunity in employment.
