Faculty Positions

CLINICAL ASSISTANT/ASSOCIATE PROFESSOR

University of Illinois at Chicago Restorative Dentistry

The Department of Restorative Dentistry at the University of Illinois at Chicago is seeking applications for two full-time faculty positions (non-tenure track) at the Clinical Assistant/Associate Professor levels. Future tenure track options exist for qualified/successful candidates. Responsibilities include preclinical and clinical instruction in all aspects of the restorative sciences. Qualifications include a DDS/DMD degree, and advanced training in operative dentistry or general dentistry (board eligibility/certification desirable where appropriate, but not required). Prior teaching experience is desirable. Candidates must be eligible for licensure in Illinois. Candidates with training and/or experience in research will be preferred.

Review of applications will begin immediately and continue until the positions are filled. Salary and academic rank commensurate with experience and qualifications.

For Fullest consideration apply at <https://jobs.uic.edu> by November 21, 2011.

AA/EOE.

UNIVERSITY OF MARYLAND-OPERATIVE DENTISTRY

The Department of Endodontics, Prosthodontics and Operative Dentistry, University of Maryland is seeking candidates for up to three full time faculty positions at the rank of Assistant, Associate or Full Professor in Operative Dentistry. Responsibilities include didactic and clinical teaching in Cariology, Operative Dentistry, Dental Anatomy and Occlusion, and Esthetic Dentistry. Demonstrated record of successful research, involvement in leadership in dentistry at the local or national levels, and other scholarly activities are highly desirable. Requirements for the position include a DDS/DMD degree, or foreign equivalent, and eligibility for a Maryland

dental license. Preference will be given to candidates with Masters or Ph.D. degrees, funded research, demonstrated innovative approaches to curricular development and/or continuing education and productivity in other scholarly activities. An opportunity for intramural practice is available and candidates are encouraged to participate. Appointment track, salary and academic rank will be commensurate with qualifications and experience. The positions will be available until filled. Qualified applicants should send a letter of interest, curriculum vitae and names and addresses of three references to Dr. Ashraf Fouad, Chair, Department of Endodontics, Prosthodontics and Operative Dentistry, School of Dentistry, University of Maryland, 650 West Baltimore Street, Room Rm. 4221, Baltimore, MD 21201-1586, or electronic versions of the above to afouad@umaryland.edu

The University of Maryland is an AA/EEO/ADA employer and has a strong commitment to the principle of diversity in all areas.

OPERATIVE DENTISTRY - OPEN RANK FACULTY

Vacancy # 001086

School of Dental Medicine East Carolina University

The Operative Faculty in the School of Dental Medicine are responsible for teaching operative dentistry to pre-doctoral students in the Section of Operative Dentistry of the dental school. This unit is within the Division of General Dentistry. The Operative Dentistry Faculty report directly to the Section Chief of Operative Dentistry. The Operative section works in close cooperation with the offices of Academic Support, Clinical Affairs, and Dental Education and Informatics to support the school's programs and initiatives. In addition, the section works closely with other schools and colleges of East Carolina University and other components of the University of North Carolina, as well as local/regional educational and clinical programs.

The Operative Faculty support the development and implementation of the Operative aspects of the preclinical and clinical curriculum taught to the dental students. In support of the Division of General Dentistry goals, clinical responsibilities will not be limited to operative procedures, but will encompass all aspects of teaching dental students to be comprehensive general practitioners.

Specific duties include the following:

- *Working closely with the Section Chief of Operative Dentistry and the Assistant Dean for Dental Education and Informatics in curriculum development and implementation related to operative dentistry for the general dentist.

- *Working closely with the Section Chief of Operative Dentistry and the Associate Dean for Clinical Affairs in the development and implementation of the preclinical, clinical, and academic components of the electronic dental record related to Operative Dentistry.

- *Working closely with the Assistant Dean for Dental Education and Informatics and other informatics personnel to optimize the use of technology to support the section's teaching programs.

- *Helping ensure dental students are competent in the management of patients requiring operative dentistry.

- *Coordinating and helping to deliver curricular content related to operative dentistry in the simulation lab and didactic settings.

- *Providing willingness and ability to cover pre-doctoral students in the clinical setting in procedures outside of the field of operative dentistry as pertaining to the General Dentistry Model of the School of Dental Medicine.

- *Conducting basic and/or clinical research and other scholarly activities that will help qualify for appropriate promotion.

- *Preparing accreditation and other program documentation as needed.

- *Actively participating in the school's faculty practice plan.

- *Seeking to serve on committees and boards for state/federal government agencies, professional societies, and within the school.

- *Assisting the Chair of General Dentistry and the Associate Dean for Clinical Affairs in quality assurance and improvement, as well as compliance efforts.

- *Responding to assignments essential to section's and school's operations from the Chair of General Dentistry and the Dean of the School of Dental Medicine.

- *Attending meetings and representing the school in internal and external venues as requested by the Chair of General Dentistry or the Dean.

- *Representing the school to external constituencies as appropriate.

- *Performing other duties and assuming additional responsibilities as assigned by the Chair of General Dentistry or the Dean.

Rank and salary will be commensurate with qualifications.

Required Qualifications:

- *DMD, DDS, or equivalent dental degree.

- *Commitment to building teams in planning and to identify and resolve problems.

- *Commitment to conducting basic and/or clinical research and other scholarly activities that will help qualify for appropriate promotion.

Preferred Qualifications:

- *Advanced Education in General Dentistry training or General Practice Residency training.

- *Commitment to evidence-based teaching and practice.

- *Experience in preparing and teaching preclinical and clinical aspects of operative dentistry.

- *Willingness to apply academic experiences of contemporary dental education and traditional educational values to the Service Learning model.

Screening will continue until the position is filled. East Carolina University requires applicants to submit a candidate profile online in order to be considered for the position. In addition to submitting an online candidate profile at www.jobs.ecu.edu, please submit online the following required applicant documents:

Curriculum Vitae

Letter of Interest

List of Three References (including contact information)
