AMERICAN ACADEMY OF GOLD FOIL OPERATORS

Minutes of Board Meeting — February 1990

The Executive Board of the American Academy of Gold Foil Operators met on Wednesday, February 6, 1990, in the Consulate Rooms I-III of the Westin Hotel, Chicago, with President Dr. William Harris presiding.

The minutes of the October 1989 meeting were presented as they appeared in the Gold Leaf. They were accepted with one correction—the names of Dr. Daniel D. Saucy, Salem, Oregon, and Dr. K. Birgitta Brown, Lincoln, Nebraska, were added to the list of associate members.

REPORT OF BOARD MEMBERS:

Dr. Michael A. Cochran — Program Chairman

It was reported that the topic would be "Direct Gold From Different View Points." Most speakers and plans are complete.

Dr. Alfred C. Heston — Clinic Chairman

The idea of the written critique for each person operating at the annual meeting was discussed by the group. The final decision was that each clinical chairman should have the privilege of making that decision for his program. It was suggested that the clinicians be notified in advance of the meeting if the written critique was being used. It was also decided that each participant would be presented a certificate for his participation. The chairman was reminded that each operator must be a member in good standing in the American Academy of Gold Foil Operators and must register for the meeting. Dr. Bob Keene is assisting in securing operators on the local level for the Boston meeting.

TREASURER'S REPORT:

Dr. Nelson W. Rupp, Secretary-Treasurer

It was noted that the operating account ended the 1989 year with a sizeable surplus. The same amount remains in investments with interest being used for expenses. The 1990-91 budget was presented. The Financial Statement for 1989 and the budget were approved as read.

COMMITTEE REPORTS:

Journal:

Dr. David Bales, Editor

Reported that Volume 14, 1989 consisted of 224 pages. 1990 publication will consist of six issues rather than four. The planned schedule is to mail the Journal the last week of January, March, May, July, September, and October.

Dr. Bales reminded the Board that he is requesting a replacement for his position as editor by January 1992.

Dr. J. Martin Anderson, Managing Editor

Dr. Anderson presented Financial Summary of Volumes 11-14. It was brought to the attention of the Board that the subscription from the AAGFO members had dropped. It was determined that many were not including their subscription with payment of dues. It was reaffirmed that the Foil Academy By-Laws state that each member must subscribe to the Journal. This correction will be made with the 1990 dues notices.

These reports were approved and a vote of appreciation was extended to Dr. Bales and Dr. Anderson for their exemplary efforts.

Literature and Research — Dr. Timothy Carlson, Chairman

It was announced that the Direct Gold Reference Book had been very well received. The Committee is now considering placing the same references on

computer disks. They would also like to add to these references teaching manuals from the various Dental Universities. The President commended this committee for their active interest.

Nominating — Dr. Perry Dungey, Chairman

This group is working but not yet ready to make a report.

Membership — Dr. Don Benson, Chairman

Report presented by Assistant to Secretary. 215 members paid dues by February 1, 1990.

Members were urged to get application in by August 1 so that they may be processed by the time of the fall meeting.

Public Relations — Dr. David Bridgeman, Chairman

Efforts to get local publicity for meetings and Study Clubs continue to be a primary goal for this body. Plans are on the agenda for seeking the possibility of having a table clinic promoting the use of Direct Gold at the Operative Academy Meeting. It was also suggested that the committee consider promoting the use of the rubber dam as a barrier technique.

Necrology — Dr. William J. Roberts, Chairman

No report at this time.

Education and Study Clubs — Dr. Glen Birkitt, Chairman

In the absence of Dr. Birkitt, the President announced to the Board that a display promoting Study Clubs would be on the mezzanine of the Westin on Thursday, February 7, and Friday, February 8. Results from the questionnaires that went out to members in December are being compiled and edited for publication in the 1990-91 Roster.

Achievement Award — Dr. Ronald K. Harris, Chairman

Reported this committee working, but has no report at this time.

Distinguished Member — Dr. Jose Medina, Chairman

This group announced that guidelines are being compiled for selecting nominees for the award for Distinguished Member. The committee is not prepared to make a report at this time, but they are making progress with their plans.

OLD BUSINESS

1990 meeting in Italy.

This is an invitation by the Italian AAGFO members to hold a special summer meeting in Italy. It was discussed and decided that the Academy would lend the same support as was extended to the Germany meeting of 1989—encouragement in holding the meeting, assistance in planning and publicity through the Gold Leaf. Drs. Harold Schnepfer, Jim Vernetti, and Allan Osborn were named to chair this event. It was announced that a similar meeting is being considered for Japan in 1993.

AAGFO Annual Meeting

1990

This meeting will be held October 9, 10, 11 in Boston, Massachusetts. Tufts
continued on page 2

University will be the host school. Omni-Parker House will be the headquarters hotel. Plans are well underway by the Secretary's office and the local arrangements group—Drs. William Pike, Bob Keene, and Maurice Logan.

1991

Vancouver, BC Canada
University of B.C. — Host School
Four Seasons — Headquarters Hotel

1992

Orlando, Florida
Plans incomplete

There being no further business, the meeting was adjourned with the following members present: Dr. William Harris, president; Drs. Richard Hoard, Alfred Heston, David Bridgeman, Tim Carlton, Paul Loflin, Jim Verneti, Perry Dungey, Richard V. Tucker, Nelson W. Rupp, Michael Cochran, Harold Schnepfer, J.M. Anderson, David Bales, Ralph Lambert, Julian Thomas, and Allan Osborn.

Respectfully Submitted,

Nelson W. Rupp
Secretary-Treasurer

Notice — Annual Dues

The By-Laws require that all members of the AAGFO must subscribe to "Operative Dentistry."

If you are a member of both AOD and AAGFO, please include your journal subscription in both dues payments. The Operative Dentistry office will refund one of these payments to the proper member, unless a donation is indicated.

Thank you for your help.

Direct Gold Alive and Well in Indiana

After a two year break, the course in Direct Gold Technique was again held at Indiana University School of Dentistry May 22-25. Typically it is programmed for eight Basic and four Advanced enrollees, but this time, there was more interest in the advanced course so the numbers were reversed. There were to be seven Advanced and four Basic participants until the last minute, when two of the Advanced registrants had to withdraw. The course consists of introductory lectures, lab exercises and clinical procedures, with greater clinical emphasis and more demanding procedures for the Advanced group.

Enrollees this year were Drs. Howard Paige (NYU), Henry Young (Meharry), Jackson Linger (U. of Michigan), and Ray Phelan (U.S. Army - prosthodontist) in the Basic course. Those in the Advanced course were Drs. Eric Morrison (private practice - Bethesda, MD), R. Bruce Walter (Seattle, WA - private practice and U. of

Wash), Bud Phelan (private practice - Concord, NH), Edward Welsh (Med. Univ. of S. Carolina), and GianCarlo Gallo (private practice - Alba, Italy). It was a good mix of educators and practitioners, and a lot of good ideas and stories were exchanged during the week.

Heading the Advanced course were Mel Lund and Lloyd Baum, and doing the Basic plus assisting where needed were Ron Harris, Mike Cochran, Tim Carlson and George Willis. There was a lot of "one-on-one" activity and some of the participants had a fair amount of previous experience.

Enthusiasm was high and patients all showed up, thanks in no small part to the efforts of assistant Judy Young. There are already some requests for a repeat in 1991, but due to a planned trip by the Foil Academy to Italy next summer, it might be deferred.

Entire cast: Faculty and students.

Ted Welsh looking over the shoulder of veteran GianCarlo Gillo.

Mel Lund picking up a few pointers from Howard Paige.

Ron Harris adding one more pellet for Ray Phelan.

Lloyd Baum checking margins with Eric Morrison.

Tim Carlson offering a suggestion for Jack Linger.

Mike Cochran explaining a few basics to the group.

The Basic group under the watchful eye of George Willis.

Mel Lund coaching Bud Phelan.

Henry Young restoring a class VI with platinized foil.

Lloyd and Pug with advanced group.

Bud Phelan explaining technique to dental student Mike Buczolich.

Ray Phelan demonstrating that a prosthodontist can handle direct gold nicely

Judy, who brings it all together.

Gold Foil and Sherlock Holmes

Attenta! Attenta! Pericolo!
(Well, not *really* dangerous. The game is afoot!)

Arthur Pinner lure a stockbroker's clerk away from London in order to rob a great stockbroking house in the capital.

The brother under the alias of Harry Pinner hires the clerk to go to Birmingham to facilitate the robbery by allowing the other brother to impersonate the newly employed clerk Hall Pyecroft. The clerk

Few people indeed are unaware, in some measure, of the exploits of the great detective Sherlock Holmes. Gold is frequently mentioned in the "Cannon" (The collection of Conan Doyle's writings about Holmes).

Among the short stories we find one entitled **The Stockbroker's Clerk** said to have taken place in 1888 or 1889, in which two brothers by the name of Beddington, and using the aliases of Harry and

observes that "the second tooth on the left-hand side had been very badly stuffed with gold."

In Birmingham the clerk is interviewed (supposedly) by the other brother, and observes that his tooth was stuffed in the identical fashion. Hall Pyecroft proclaims "the glint of gold in each case caught my eye. Of course you expect two brothers to be alike, but not that they should have the same tooth stuffed in the same way."

The moral is clear, being that one should always attend a Dentist who is active in study club work, if you wish to avoid detection during your sinister moments.

Allan G Osborn
Editor.

American Academy of Gold Foil Operators

SECOND INTERNATIONAL MEETING

Santa Margherita Ligure - Genova
May 31 - June 1-2, 1991

S. Margherita Ligure, the city of the meeting.

Thursday, 30 May 1991

Arrivals of Americans, Canadians, members and their guests in Italy. The airline companies could be TWA or Alitalia with non stop flight from Chicago, New York, Los Angeles to Milan or Swissair with flight from Chicago, Boston, Los Angeles, New York to Zurich and from Zurich to Genova. A shuttle bus will drive you from the airport to S. Margherita Ligure. If you will arrive all together, the same day at the same airport, it will be easier for us.

Americans and Canadians speakers or clinicians and their guests will be our guests in S. Margherita Ligure from May 30 to June 2, 1991. Other members, who will come in from Italy for the meeting, will pay for themselves. The prices are indicated below:

Fee for the meeting: US \$150.00 (italian lire 200.00)

Room, breakfast, lunch or dinner, in Miramare Hotel:

For one person: US \$720.00 (italian lire 860.000),

For two persons: US \$634.00 (italian lire 760.000)

Boat Tour: US \$12.00 (italian lire 12.000)

Genova Tour: US \$50.00 (italian lire 60.000)

Friday, 31 May 1991

Morning: Boat tour of S. Fruttuoso and Portofino

Afternoon: Free for the guests of the speakers or clinicians.
Free for the other members of the Academy and their guests. Speakers and clinicians will be able to check their slides and study models and x-ray of the patients.

Evening: Arrivals of European speakers or clinicians. Dinner.

Saturday, 1 June 1991

Morning and afternoon: Genova tour for the guests.

Morning and afternoon: Conference programs for all the participants.

Evening: Social dinner, with all the participants.

continued on page 6

Sunday, 2 June 1991

Clinical Program (KaVo factory, Genova)

A maximum of 60 people will be admitted, and they will be divided into two groups: one during the morning and one during the afternoon. The transportation of the participants between S. Margherita L. and Genova will be provided by a shuttle bus. The participants will be given a certification of attendance.

GROUP A

8:00 Departs to Genova

9:00 Clinical program operators: Dr. Hoard, Dr. Osborn, Dr. Johnson, Dr. Gallo, Dr. Schnepfer, Dr. Murray

12:00 Departs to Santa Margherita Ligure

GROUP B

13:00 Departs to Genova

14:00 Clinical program operators: Dr. Baum, Dr. Harris, Dr. Tucker Sr., Dr. Kinzer, Dr. Lund, Dr. Stenberg.

17:00 Departs to Santa Margherita Ligure

VIDEO PROGRAM (Miramare Hotel, S. Margherita L.)
Prerecorded video program

9:00 Isolation of the working field and use of clamps and matrix.
Dr. M. Nucina, Torino Italy

9:45 Class V preparation, condensation and finishing
Dr. C. Robello, Saluzzo Italy

10:30 BREAK

11:00 Is it possible to do direct gold restorations routinely in our practice? A talk between Dr. Vernetti, Dr. Ralph Werner and the participants.

11:45 End of the meeting. The participants will be given a certification of attendance.

Video program is only for people who have not paid the fee for the clinical part.

ITALIAN TOUR FOR AMERICAN, CANADIAN, EUROPEAN, MEMBERS AND THEIR GUESTS

Italian Tour, June 3, 1991 - June 8, 1991 (6 days-5 nights).

Bus with air-conditioning.

Firenze (Florence) for two nights, Siena for one night, Roma (Rome) for two nights.

First class hotels.

Hostess from S. Margherita L. to Rome.

Breakfast and brunch or dinner.

FOR TWO PERSONS Italian lire 1.100.000 (US \$900.00) per person.

FOR ONE PERSON Italian lire 1.500.000 (US \$1,200.00)

N.B. Interested people **HAVE** to make a reservation before the end of December 1990. They can write to Dr. Andrea Chiarini, Via Assarotti 36/6 Genova 16122.

FEE FOR EUROPEANS

Student (Italian lire 100.000) US \$70.00.

Dentist (Only for conference and video program)
(Italian lire 250.000) US \$170.00.

Dentist (For conference and clinical program)
(Italian lire 800.000) US \$460.

About The Region

The Region of Liguria lies between the Appenine mountains and the Ligurian Sea. It is a region of rich green vegetation, multicolored frescoed houses.

Genoa is the capital of the region, and divides the Ligurian Riviera into east and west areas.

The Ligurians were merchants back into the 5th, and 6th centuries B.C., having close relationships with the Carthaginians. They aided Hannibal in his war against Rome, and Genoa was destroyed in the fighting. Following the battle of Zama in 203 B.C. the Romans rebuilt the city as a token of gratitude.

The region remained important for trading purposes, and suffered raids by marauding Arabs, conquest by Byzantines, by the Longobard King Rotair, and later by the Franks who introduced feudalism into the area.

In 1796 the region was invaded by Napoleon's troops which state of affairs remained until 1815 when the region was assigned to Piedmont.

News Release

(Right to Left): Dr. Olan D. Parr, Jr.; Dr. Francis J. Robertello; Dr. Clyde L. Roggenkamp; Dr. Henry A. St. Germain; Dr. Richard C. Vinci; Dr. Steve Wallace.

Chicago, Illinois — February 1990

The American Academy of Operative Dentistry held its annual meeting on February 7, 1990 and celebrated the awarding of certification documents to six new members: Dr. Olan D. Parr, Jr., United States Army; Dr. Clyde L. Roggenkamp, United States Air Force; and Drs. Henry A. St. Germain, Jr. Steve Wallace, Francis J. Robertello, and Richard C. Vinci, United States Navy. Dr. Parr is the first member of the United States Army Dental Corps. to achieve board status in operative dentistry.

Board Certification is a form of recognition in Dentistry for distinction as accomplished by successfully passing a three part examination in Restorative Dentistry. Over a period of three or more

years the candidate takes a written exam, an oral exam on completed clinical cases and then takes a two-day clinical examination.

The new inductees represent the most recent in a group of twenty-three dentists throughout the world who have been so honored by the American Board.

The certification system was established by the American Academy of Operative Dentistry in 1981 to promote the pursuit of excellence in dentistry in the practice, education and research in operative dentistry. As of this time well over thirty dentists from around the world have begun the certification process.

It is a pleasure to report the unanimous recommendation of our nominating committee for the slate of officers for the coming year.
