The 75th Anniversary of the Ferrier Gold Foil Study Club

Photos Courtesy
Dr. Allan Osborn
Past President, AAGFO

The members of the Vancouver Gold Foil Study Club hosted the 75th Anniversary of the Ferrier Gold Foil Study Club in British Columbia on April 12th, 2012. The study club first met in 1936 and has served as the model for all subsequent study clubs in British Columbia. There have been only three mentors since the club began: Dr. George Ellsperman, Dr. Gerald Stibbs and currently Dr. Richard V. Tucker.

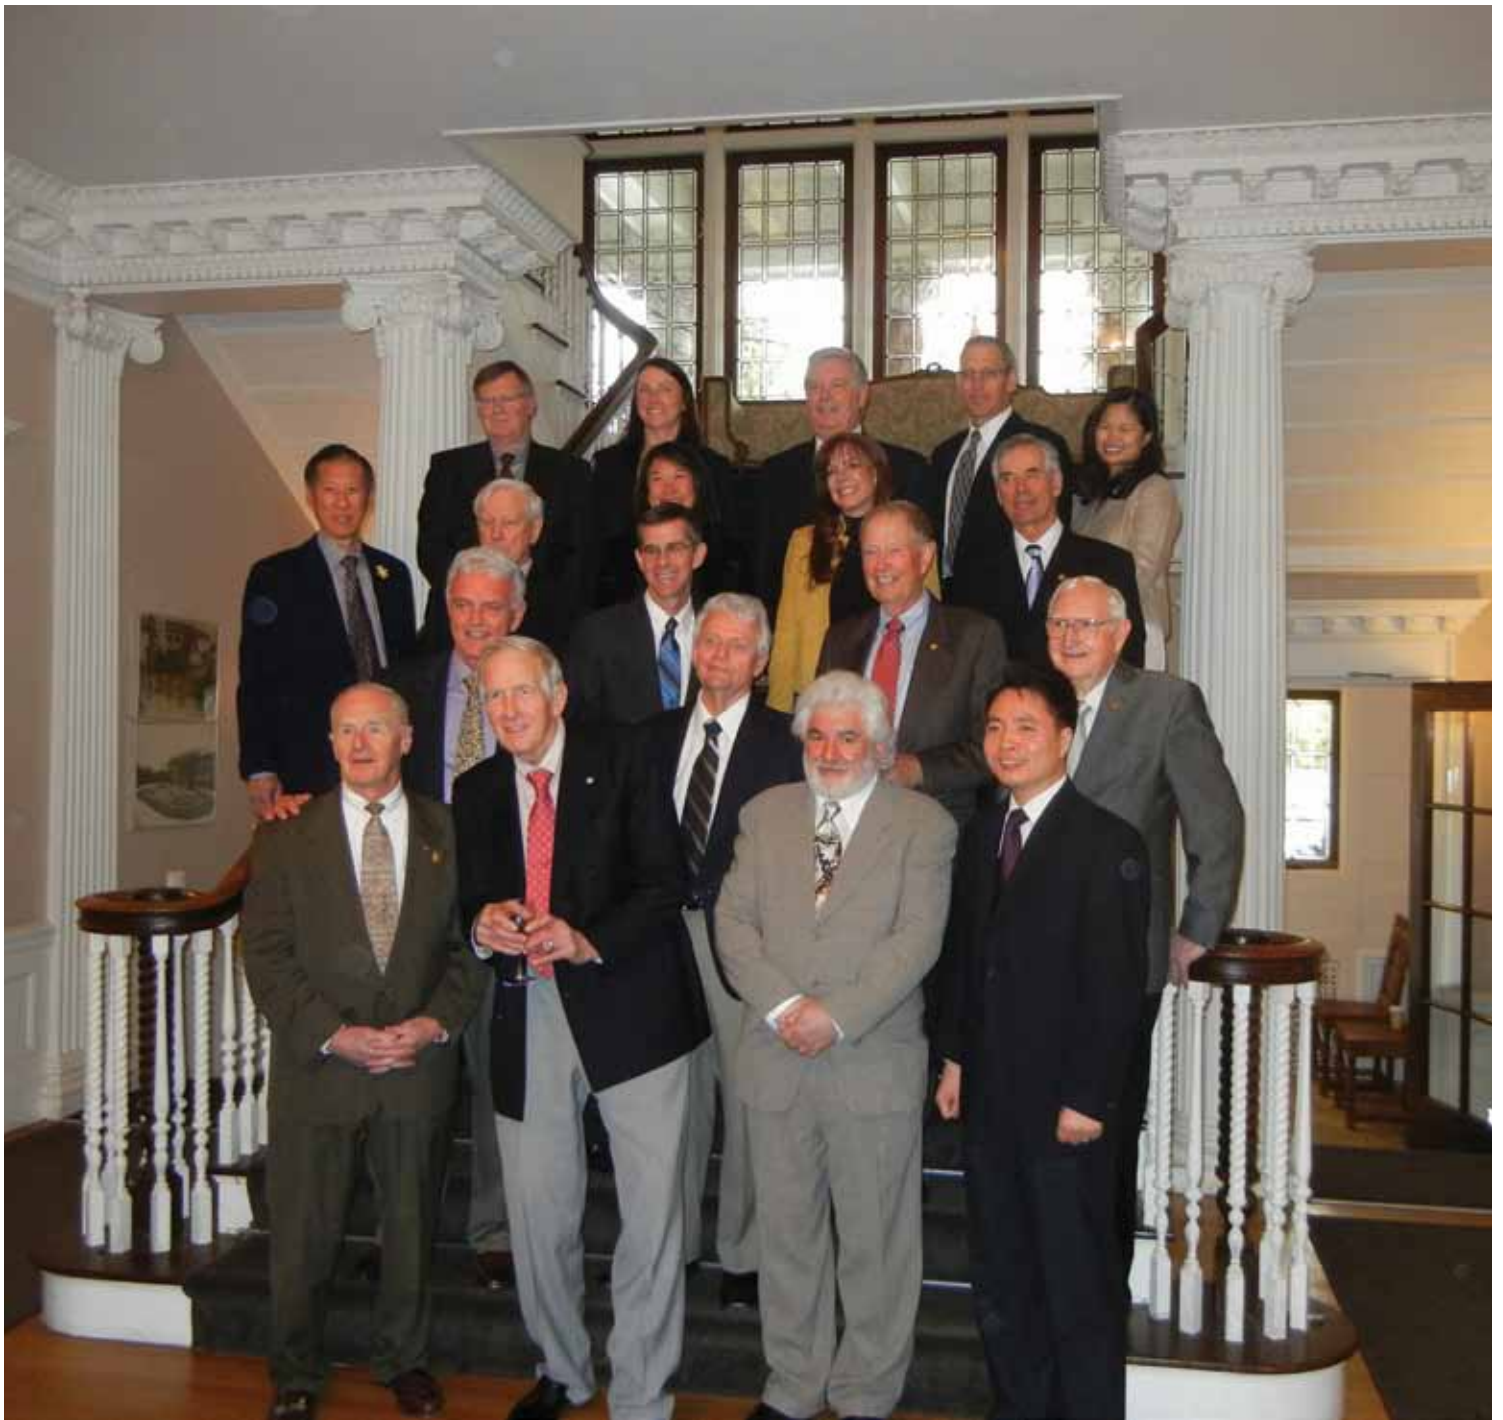

Clinical operations took place in the afternoon at the Sirona learning Centre, which was followed by dinner at the University Women's Club, and a few words from Dr. Tucker regarding the history and culture of study clubs.

Take home pearl from Dr. Tucker's Presentation:
".. The art of dentistry, like the art of the great masters, has brought us together and created something even more meaningful, a collaboration of dentists/artists that can share a relationship of mastery and strong friendships, from near and far. A debt worth having and a thread worth weaving, Gold thread."

Associated Ferrier Study Clubs

**Photos Courtesy
Dr. Richard Nash
President, AAGFO**

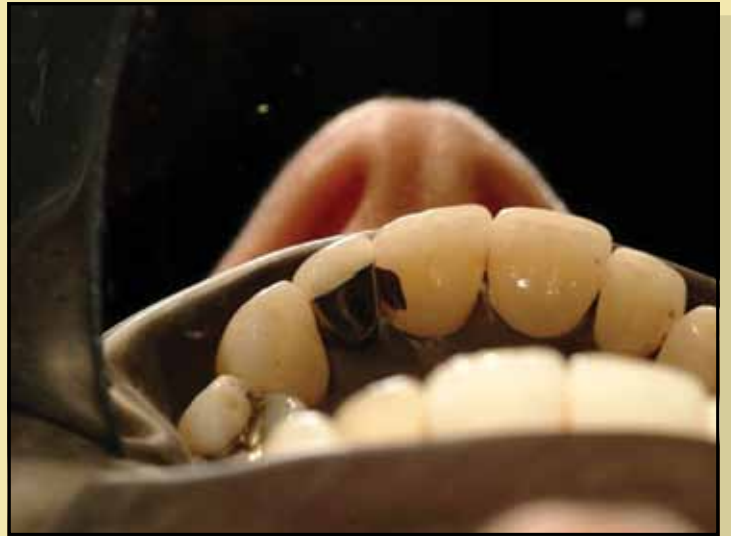

The Associated Ferrier Study Clubs met Friday, May 11, 2012 at the University of Washington School of Dentistry. Representatives for the Vancouver, Portland and Seattle gold foil study clubs were all present. We observed 8 operations including two 3rd year students. Also operating were six students from Marty Anderson's gold foil elective.

The luncheon was served at the Seattle Yacht Club and our guest speaker was Dr. Joel Berg, the newly selected dean of the UW SOD. He discussed the challenges of dental education and his plans for the future of the dental school.

**Rick Nash
President, AAGFO**

See you in Philadelphia!
